Outline

• Summer Accelerated Scheduling
• BOLC II and BOLC III Support
• National Options
• 09S Program Support
• Summary
• Questions
• Conclusion
Summer Accelerated Scheduling

• Phase I offered **eight** times during Summer months

• All Phase I courses start and finish within **June**

• Phase II offered in two main locations (PA & SD)

• Phase III offered in three main locations (AL, SD, & WA)

• Limited potential to recycle to another site
  - limited stagger of courses
Assessment of Present Status

• No third accelerated program
  - OC’s compete with ROTC and West Point Cadets for preferred slots in BOLC II & III

  - Wait-time for 09S and recycled OC’s can be excessive, expending extra training funds while in wait status and potentially creating loses
BOLC II and BOLC III Support

• 2006 OCS Conference (Anaheim, CA)
  - BOLC II and BOLC III has:
    • Large influx of students during Summer and Fall months
    • Limited numbers during Winter and Spring

• Fall Accelerated provides:
  - More students to support BOLC II and BOLC III during slower months
  - Spreads OCS graduates throughout year more equitably
National Options

- OCS commissions Lieutenants in March and August only
- Recycles have limited ability to join another Accelerated course
- Potential to recapture recycles will increase with staggered scheduling
